Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 19 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy and mild overnight with rain arriving Saturday.

This Evening and Tonight:
Any clear spells filling in during the evening as cloud builds widely, helping it to remain mild. The cloud becoming thick enough for the odd spot of drizzle. Winds largely light, though with a moderate breeze along coasts. Minimum temperature 8 deg C (46 deg F).

Saturday:
Brief bright intervals first thing before cloud and rain push south during the day as it turns breezy. Skies clearing into the evening and turning colder after a mild day. Maximum temperature 12 deg C (54 deg F).

Outlook for Sunday to Tuesday:
Feeling much colder and turning brighter on Sunday and Monday with isolated showers and overnight frosts. Rather cloudy on Tuesday with temperatures rising closer to average.
